This tells you that from September 23 to November 4, the energy is ripe for hard work and focus, thanks to Mars in Scorpio. *Advanced tip:* When Scorpio rises, that's your golden hour to really harness this energy!

HOW TO USE THE RECOMMENDATIONS

The Return To Faith // JUPITER IN CANCER

DECEMBER 7, 2025

 Pick a Time When *Cancer* is Rising

This election reminds us that retrogrades aren't always unfavorable. When planets move toward each other in mutual application, they evoke purpose and alignment. Here, the Moon and Jupiter join in Cancer—a sign where both flourish—inviting you to reconnect with your inner compass and realign with your core beliefs. It's a time to reaffirm what truly matters and restore clarity and integrity to your direction. Spiritually potent, this election also supports resolution in long-standing legal matters and favors journeys of learning or returning to familiar places for new insight and peace.

Spiritual Renewal
Resolution
Travel

NOT GOOD FOR:

Impatience
Material Pursuits
Disconnection
