## APRIL 2026 AWAKENING

**Awakening** (*noun*) – Your list of items: your numbers, Core Passion Codes, and emotional rewards

### ENERGY

At the center of the chamber is a floating holographic model of a pulley system - two weights connected by a single line, suspended in perfect balance. One weight represents your desires, dreams, and intentions. The other weight represents your responsibilities, fears and old patterns. The string is your MAP - the connection between who you are and who you are becoming. The pulley is the universe, amplifying whatever force you apply.

*Lesson – When you understand the forces at play, you can create momentum with ease.*

### GUIDES

Merlin explains, “Your numbers from your MAP become forces. Your Core Passion Codes become the engine. Your emotional rewards become the destination. The Pulley of Destiny is the ritual.

*Lesson – Feel the tension on the glowing rope of the pulley. This is the tension between who you’ve been and who you’re becoming.*

### MINDSET

When you align with your MAP, you don’t have to push. You don’t have to struggle. You simply apply the right force in the right place. . . and the universe multiplies your effort.

*Lesson – Feel the balance. The system moves effortlessly. Your desires rising, your old patterns lowering, and the universe amplifying your intention.*
