

EXPRESS YOUR AUTHENTIC SELF

MARCH 2026 AWAKENING

Awakening (*noun*) – Your list of items: intuitive insights, creative visions, and expanding mission

ENERGY

As you stand before your mystical time machine, you can feel it responding to your presence. The machine is attuned to your vibrational blueprint and the intuitive frequencies that March is awakening within you. You are traveling not through years, but through vibrational gateways to the realm where imagination and wisdom meet.

Lesson – This is the realm where the land responds to your energy. It knows why you've come. Your intuition is not subtle . . . it is guiding you boldly now.

GUIDES

Merlin says, “March opens the door to your *inner authority*. You are ready to trust the wisdom that has always lived within you. You now carry the clarity to lead with confidence.” and Clio says, “You now carry the inspiration to express you authentic self with joy.”

Lesson – When you honor these truths about yourself, you feel grounded, you feel expanded, and you feel aligned.
